

India

From August 1 to 21, there was a Three-Week Intensified Gospel Move in 6 cities in India, namely, Alleppey, Dindigul, Guwahati, Vadodara, Warangal, and Hubli. A total of 66 new ones got baptized and 2 churches were raised up. In the places where the Lord's Table is not yet started, the saints gained many open contacts and established weekly Bible study group meetings and Lord's Day gatherings.

In Allepey, Kerala, the Lord has opened more than 20 families and given us 40 solid contacts. Four brothers and seven sisters were baptized and are enjoying the church life. Through the prayer and coordination of the Body, the church in Allepey was raised up on August 21. At present 6 families are attending the Lord's Table regularly. After the 21-day propagation, we continue to shepherd these families. We have four home meetings and one group meeting every week.

In Hubli, Karnataka, We contacted a school teacher who has three daughters and whose husband is not saved. A few months ago, she bought a book "The Operation of God and the Anointing" written by Brother Witness Lee and was very much inspired. She also bought three copies of the New Testament Recovery Version for her children. When we contacted her, she was quite open to know the truth. We are having regular home meeting with her once a week along with her neighbors and relatives. She has made a statement that "I am not happy with the Christians who go to the churches for the sake of material blessings and miracles". She desires to know God's Word in a deeper way and grow in Him. May the Lord bless her and gain many seeking ones who are pure and longing for the Lord through this sister.

In Dindigul, Tamilnadu, a total of 42 saints from 15 local churches participated in the Gospel Move. Every day we gathered in the morning and spent most of our time in prayer before going out to preach the gospel. Through such a prayer in one accord, the Lord blessed us with 39 baptisms, mostly from Hindu background. Ten families are now open for continuous shepherding. Two families had started attending the Lord's Table in the nearby localities in Sivagangai and Madurai. In order to shepherd the new ones in Dindigul, the saints from nearby localities are regularly visiting Dindigul twice a week. We do pray that after these

families are strengthened through the continuous shepherding, the church can be established in the near future.

Vadodara is one of the important cities in Gujarat, with a population of more than two million. Mumbai and nearby churches were continuously praying for this city. We began by Rhema distribution. Through one family in the church life, we got an opening in Vadodara. Then at the time of the gospel move, all the churches coordinated together to propagate in Vadodara. Around 30 saints joined the gospel move. We contacted people through door knocking and invited them for gospel meetings. We enjoyed the Lord's rich supply and presence throughout the propagation. One family took leave from job to join us for propagation. At the end they were enjoying so much

that they didn't want to leave. They were in tears when they finally left Vadodara. Now there are seven families who are very open. Every week the saints from Mumbai and nearby churches are visiting Vadodara for shepherding. We are praying that by the end of this year the Lord will raise up His testimony in Vadodara.

Nepal Youth Training

During the largest festival in Nepal from October 1 to 6, throughout the country people were busy in idol-worshipping. However, 30 young people from six localities, who were pure and loved the Lord, gathered in the second largest city Pokhara for a six-day Youth Training. They were willing to separate themselves to be an anti-testimony to the world and receive the heavenly perfecting. Some of them are young adults; some are new ones and some are seeing Christians from other groups. In the training through eating, living and exercising together, all were blended into one to receive rich supply of the ministry as well as enjoying the outdoor activities.

The training covered three lines with three main burdens. The first line was the Life Lessons messages with exercise of prophecy to help the saints to be constituted with the truth and to present the truth in a clear way. The second line was on life practices such as calling on the name of the Lord, pray-reading the word of God, and having morning revival and prayer in order to live a God-man living. The third line was some special fellowship on the Bible, the church history, the ministries of Brother Watchman Nee and Brother Witness Nee, God's age-turners as well as the Full-Time Training. The burden was for the saints to see the vision, understand the ministry, and consecrate themselves to join the service and become men who turn the age.

By the Lord's abundant grace and the serving ones' coordination in one accord, no matter in spiritual exercises and in daily blending, we enjoyed much of God's presence and blessing.

Especially in the last evening, when we sang the hymn "Would you choose to be a living overcomer?", the Holy Spirit moved strongly and led all the saints to offer thorough consecration and prayer. Some even consecrated themselves in tears. The saints also voluntarily shared their enjoyment of the training. A sister who has been in the church life for a long time shared that she was enlightened by the Lord and willing to give herself for the God-ordained way; she is willing to spare her time every week for gospel preaching and shepherding for the increase of the Body of Christ. Some new ones also testified that very much was revealed to them through the messages such as Knowing that You Are Saved, the Real Significance on Prayer, the Person and Work of Christ and Knowing the Church...etc.

Some of the seekers from other groups were amazed and conquered by the rich truths, the subjective enjoyment and the clear blueprint of the organic service among us. Two leaders from two other groups expressed their willingness to learn the truth and follow this ministry. At the end of the training, all the young ones consecrated themselves to the Lord, of which 20 consecrated to join the Full-Time Training in the coming years.

How much we praise the Lord for His abundant grace and blessing. We do hope that through the intercession of the Body, this group of young people can be perfected more and fully give themselves to the Lord. May the Lord gain them to be the channels for His further move in Nepal and become stepping stones of His move in this age.

Prayer burdens

1. Pray for the saints who consecrated to join the Full-Time Training, especially the five brothers and sisters who will attend the training next year. May the Lord open the way for them to be perfected to be useful vessels to the Lord.
2. Pray for the saints to continue steadfastly in the exercise of the God-man living to have regular morning revival, Bible reading, and gospel preaching.
3. Pray for the saints coming from the free groups in Lekhnath and Ghandruk to closely follow this ministry and may the Lord establish His testimony in these two places soon.
